

EAST YORKSHIRE

DENTAL STUDIOS

STRENGTH - BEAUTY - FOR LIFE

## PREVENTION PLAN

Our prevention plan is ideal for patients who wish to prevent dental problems. It is possible in this modern age to prevent and arrest progression of many dental problems simply and easily. East Yorkshire Dental Studios have put together a unique prevention package that will allow patients to prevent or reduce the amount of decay and gum disease they suffer and therefore have less dental work.

To join the Prevention Plan you need to be dentally fit. Though by being part of it you can reach a more secure level of dental health and have greater confidence in your smile. At your induction to the plan, you will be categorised in relation to your risk of dental disease.

### Standard Prevention Plan

- Once yearly extensive examination to include oral cancer screen and periodontal monitoring
- Up to two periodontal hygienist visits as required
- All small and medium digital x-rays
- Digital Scanning – Panoramic large x-ray
- Digital Photographs
- National Emergency Treatment/Emergency Call outs
- Accident Insurance

### Advanced Prevention Plan

- Twice yearly extensive examination to include oral cancer screening and periodontal monitoring
- Up to four periodontal hygienist visits as required
- All small and medium digital x-rays
- Digital Scanning – Panoramic large x-ray
- Digital Photographs
- Emergency Cover
- Accident Cover

All other dental treatment is paid for when needed.

**As a member of the prevention plan you will be entitled to 10% discount on all treatments. Simply show your membership card to claim your discount.**

**If you wish to discuss this plan further or to start the prevention plan, please see our receptionist who will be happy to help.**
